FP50 2017: Which IBDS have the most women advisors?

Only three of the country's independent-broker dealers have 30% or more women among their affiliated brokers.

Please click through the images above to see which firms are attracting the most women, and how they compare to their competition.

For more in-depth coverage, please see [A Case for Optimism](#). Take a deep dive into the data with our lists of the [IBDs with the largest total revenues](#) and the [Top IBDs by revenue growth](#).
